

Ref : TS-FTB-48P OUT

48 Core FDB Outdoor Optical Fiber Terminal/distribution Box

Introduction

TS-FTB-48P OUT distribution box is mainly used for outdoor cable connection, distribution and fiber management.

Features

- * Made of high intensity, anti-corrosive, anti-aging special composite material. Suitable for various bad weather, with reliable sealing, **IP 65** water-proof and dam proof.
- * Wall-mounting or Pole-Mounting installation, all front operation
- * Independent space for cables, pigtailed and patch cords, noninterference
- * Best management solution for patch cord, reasonable routing and easy to find
- * Ensure the bending radius of fiber and cable is more than 40mm in any position
- * Easier cable installation
- * 30 degree angle port ensures the bending radius of patch cord and protects eyes from laser
- Temperature : -20C° to +60C°

TYPE	Size □ mm □	Max.Capacity □ fiber □
TS-FTB-48P OUT	485*635*135	From 24-96

Application:

Telecommunications subscriber loop.
Fiber to the home (FTTH); LAN/ WAN ; CATV.
